## ***Industrial Trolleys***

# I. Platform trolleys

**Provide high capacity  
low cost platform trucks**

Heavy Duty Break Castor

Sr.No.	Product Description	Sizes	Weight
1	Open type M.S platform trolley with nylon wheels with all colours	1000 X 600 X 1010mm	250kg, to 500kg
2	Open type M.S platform trolley with nylon wheels with all colours	1000 X 600 X 1010mm	250kg, to 500kg

## II. Heavy duty mesh trolleys :-

Sr.No.	Product Description	Sizes	Weight
1	Fully welded construction from strong tubular steel has a reinforced base for durability with a tough durable powder coated finish	1000 X 600 X 1010mm	250kg, to 500kg
2	Convenient and easy way to transport packages around the workplace with a half or fully closed sides options for load stability and safety.	1000 X 600 X 1010mm	250kg, to 500kg

### III. Mesh both sided trolleys :-

Sr.No.	Product Description	Sizes	Weight
1	All steel welded frame with high quality zinc plated mesh panel(s) and a substantial timber deck	985 X 725 X 1145mm	250kg, to 500kg
2	Available in either normal or diamond wheel configurations with load capacities of 500kg or 250kg respectively	1000 X 600 X 1010mm	250kg, to 500kg

## **IV. Heavy duty trolleys :-**

Sr.No.	Product Description	Sizes	Weight
1	Square tubular steel chassis with round tubular steel handles, Three steel shelves with 40mm lip	850mm X 500 X 900mm	250kg, to 700kg
2	Two fixed and two swivel cushion roller bearing castors	900 X 500 X 900mm	250kg, to 700kg

# V. Tool trolleys :-

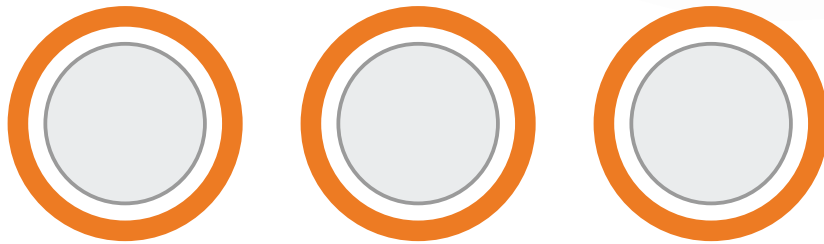

Sr.No.	Product Description	Sizes	Weight
1	Organise stocks and archives quickly and efficiently	2000mm X 1220 X 900mm	500kg, to 900kg
2	End frames and beams make up a flexible, expandable system	2500X 1400 X 900mm	250kg, to 700kg

## ***Heavy duty/ Light duty rack***

## I. Heavy duty warehouses slotted angle racks :-

Sr.No.	Product Description	Sizes	Weight
1	Organise stocks and archives quickly and efficiently	2000mm X 1220 X 900mm	500kg, to 900kg
2	End frames and beams make up a flexible, expandable system	2500X 1400 X 900mm	250kg, to 700kg

## II. Light duty slotted angle racks :-

Sr.No.	Product Description	Sizes	Weight
1	Organise stocks and archives quickly and efficiently	2000mm X 1220 X 900mm	200kg, to 500kg
2	End frames and beams make up a flexible, expandable system	2500X 1400 X 900mm	200kg, to 500kg

### III. Economical shelving racks :-

Sr.No.	Product Description	Sizes	Weight
1	A brilliant combination of strength and value for money	1800mm X 1200 X 600mm	200kg, to 500kg
2	Easy-build boltless construction allows for quick assembly – a soft-faced mallet is the only tool required. Chipboard shelves have a 265kg UDL – ample for most applications	2500X 1400 X 900mm	200kg, to 500kg

### IV. Movable racks :-

Sr.No.	Product Description	Sizes	Weight
1	A brilliant combination of strength and value for money	1800mm X 1200 X 600mm	200kg, to 500kg
2	Easy-build boltless construction allows for quick assembly – a soft-faced mallet is the only tool required. Chipboard shelves have a 265kg UDL – ample for most applications	2500X 1400 X 900mm	200kg, to 500kg

## V. Cantilever racks :-

Sr.No.	Product Description	Sizes	Weight
1	<ul style="list-style-type: none"> <li>Adjustable arms fit at 150mm vertical centres and are secured in position with two high tensile, zinc plated bolts Strong and sturdy design with a 500kg capacity per arm</li> <li>Choice of single or double sided configuration</li> </ul>	4000mm	500kg, to 1000kg

## VI. Cantilever bar racks

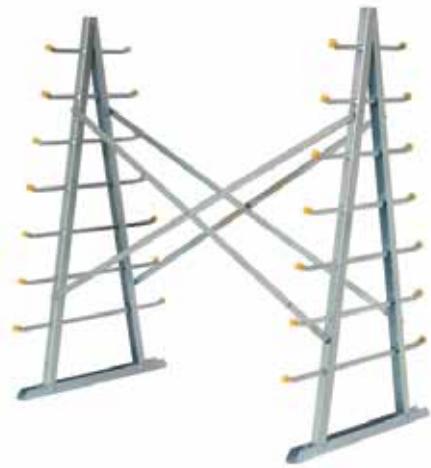

Sr.No.	Product Description	Sizes	Weight
1	<ul style="list-style-type: none"> <li>Adjustable arms fit at 150mm vertical centres and are secured in position with two high tensile, zinc plated bolts Strong and sturdy design with a 500kg capacity per arm</li> <li>Choice of single or double sided configuration</li> </ul>	4000mm	500kg, to 1000kg

## VII. Verticle storage racks :-

Sr.No.	Product Description	Sizes	Weight
1	Storage racks to suit bar, pipe, timber and sheet material. Fully welded steel construction. Pre-drilled ready for bolting to the floor (fixings not supplied) 250mm gap between support bars	4000mm 500kg, to 1000kg	500kg, to 1000kg

## VIII. Horizontal bar racks :-

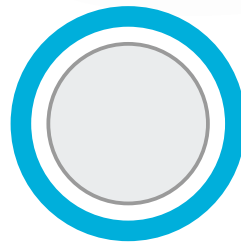

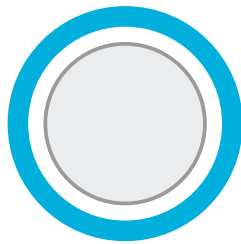

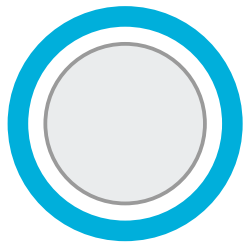

Sr.No.	Product Description	Sizes	Weight
1	Organise stocks and archives quickly and efficiently	2000mm X 1220 X 900mm	200kg, to 500kg
2	End frames and beams make up a flexible, expandable system	2500X 1400 X 900mm	200kg, to 500kg

## ***Storage Cupboards***

## I. Storage Bin Cabinets :-

Sr.No.	Product Description	Sizes	Weight
1	Provide durable storage of small parts. Cupboards come with either a rear louvred panel and doors, or adjustable shelves and louvred doors. Three point door locking system for added security. Choose an empty cupboard or a cupboard with your preferred configuration of steel/ Plastic bins	Blue 1830 x 915 x 455 mm  Steel Bins  With Louvred Panel  System - Cupboards	500kg, to 1000kg & above

## II. Mesh Cabinet Door :-

Sr.No.	Product Description	Sizes	Weight
1	Provide durable storage of small parts Cupboards come with either a rear louvred panel and doors, or adjustable shelves and louvred doors. three point door locking system for added security. choose an empty cupboard or a cupboard with your preferred configuration of steel/ Plastic bins	Blue 1830 X 915 X 455 mm  Steel Bins  With Louvred Panel  System - Cupboards	500kg, to 1000kg & above

### III. Heavy duty Workshop cupboards 3 Shelves + 4 drawers :-

Sr.No.	Product Description	Sizes	Weight
1	Heavy duty welded cabinet construction with reinforced tool panel doors, Range of shelf and drawer configurations, some with rear tool panel  Three point locking system for added security	1800 x 1000 x 500 mm	500kg, to 1000kg & above

### IV. Heavy Duty WSM Compartment Shelving Units - With Doors :-

Sr.No.	Product Description	Sizes	Weight
1	Choose from a wide range of configurations Made from WSM industrial shelving Available with or without doors	6 to 72 compartments	500 kg, to 1000 kg & above

## V. Economy Storage Lockers :-

Sr.No.	Product Description	Sizes	Weight
1	Fully riveted and welded construction for extra strength and rigidity Locker body made from 22swg mild steel; door and frame from 20swg mild steel Stiffened doors on single, two and four tier versions Semi-concealed hinges, card holder, camlock with two keys and scratch guard on doors	1800 X 300 X 300mm , 1800 X 300 X 450mm	500kg, to 1000kg & above

## VI. PPE/ Maintenance Lockers :-

Sr.No.	Product Description	Sizes	Weight
1	Two hanging compartments and two full width shelves provide plenty of space for clothing and equipment Each hanging compartment is fitted with a heavy-duty hanging rail Fixed upper and lower shelves	1800 X 300 X 300mm 1800 X 300 X 450mm	500 kg, to 1000 kg & above

## VII. Louvered Storage Racks Single/Doubled Side :-

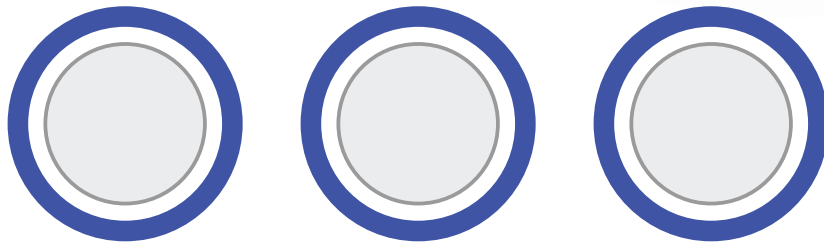

Sr.No.	Product Description	Sizes	Weight
1	Tough polypropylene construction. Single or double sided free standing storage units extension available in two heights for increased storage capacity. Heavy duty adjusters permit levelling on uneven surfaces. Flexible high capacity layouts and applications	1800 X 300 X 300mm , 1800 X 300 X 450mm	500kg, to 800kg & above

## ***WORK BENCHES***

## I. Workbenches with perforated board with drawers :-

Sr.No.	Product Description	Sizes	Weight
1	Tough polypropylene construction. Single or double sided free standing storage units extension available in two heights for increased storage capacity. Heavy duty adjusters permit levelling on uneven surfaces. Flexible high capacity layouts and applications	1800 X 300 X 300mm , 1800 X 300 X 450mm	500kg, to 800kg & above

## II. General Purpose Workbenches :-

Sr.No.	Product Description	Sizes	Weight
1	A multi-purpose bench which provides work and storage space in one handy unit ideal for workshops, packing stations and warehouses. Welded construction is strong, hardwearing and gives a durable finish. Available with a choice of hardwearing steel or easy-clean multiplex laminated beech ply (mpx) worktop finish. Lockable drawer provides space for paperwork, tools or stationery	1500 X 600 mm	500kg, to 800kg & above

### III. Mobile Workbenches :-

Sr.No.	Product Description	Sizes	Weight
1	Mobile and stable Simple lever action pushes down under-carriage, takes weight off legs and onto wheels. 1 x cupboard with single shelf and 1 x cupboard complete with 5 drawer unit Steel workbench with galvanised work surface, retaining lip and bottom shelf	840 X 1200 X 600mm	500kg, to 800kg & above

### IV. Packing Table :-

Sr.No.	Product Description	Sizes	Weight
1	Standard Wide Packing Station available in two widths 300kg bench load capacity UDL Additional shelves for storage Lower bubble wrap dispenser and upper paper dispenser Chipboard work surface designed for strength and durability	840 X 1200 X 600mm	500kg, to 800kg & above

## V. Premium Packing Table :-

Sr.No.	Product Description	Sizes	Weight
1	Individual packing benches Easy to build & configure with accessories Hard wearing laminate worktop Height adjustable legs allow sitting or standing 250kg weight load capacity per bench Choice of 3 bench widths	840 X 1200 X 600mm	500kg, to 800kg & above

## VI. Heavy Duty workbenche With 5 drawer :-

Sr.No.	Product Description	Sizes	Weight
1	Heavy duty cabinet and support legs are constructed from durable, epoxy coated steel Available with a choice of Multiplex (Mpx) or Lino worktop suitable for most applications	840 X 2000 X 750mm	500kg, to 800kg & above
